

EDUCATION

- **Astana IT University** Nur-Sultan, Kazakhstan
Bachelor of Science in Big Data Analysis *Sept 2019 - expect Jun 2022*
 - Computer Science courses: Algorithms and Data Structures, Information Retrieval and Data Mining, DBMS, OOP, Data Analytics.
 - Computer Networks: Operating System (Linux), Computer Networks, Computer organization and architecture.
 - Cloud Computing: Cloud Computing Applications, Distributed Algorithms and Parallel Computing.

PROGRAMMING SKILLS

- **Languages:** Python, C++, Java
- **Technologies and Frameworks:** Django, Bootstrap4, Redis, Celery, Streamlit
- **DB/DS:** PostgreSQL, Sklearn, Numpy, Pandas, Excel, Dune Analytics, BigQuery (university course)
- **Algorithms and Data Structures:** about 150 LeetCode problems

EXPERIENCE

- **TengriLab** Remote (Nur-Sultan)
Data engineer Intern *Sep 2020 - Dec 2020*
 - parsing and collecting data for DS engineers.
- **IT Crop2K** Remote (Petroavl)
Full Stack Developer *Jan 2021 - Nov 2021*
 - working with projects - margin.kz/astyqbaga.kz .
 - support for ready-made web services, as well as adaptation of the design in relation to user requests.
 - adding new features by using Django.
- **Digital Services LLC** Remote
Part time - Backend Developer *Nov 2021 - Present*
 - working with projects - django and drf

HONORS AND AWARDS

- **Astana IT University** 1 place out of 70
Big Data Analysis Competition *Jun 2021*
 - First palce out of all students from BDA
 - create model with Minimum eror
- **International Physics Olympiad** bronze medal
Phystech International - Moscow *Mar 2019*
 - was in top 50 out of 10000 students from 17 country
- **International Physics Olympiad** silver medal
Phystech International - Moscow *Feb 2018*
 - silver medal, was in top 20 out of 8000 students from 17 country

TEACHING/LEADERSHIP EXPERIENCE

- University Reading Club **Head** (2019-Present)
- Part of the core Coding Club (2019-Present).
